CONSENSUS BUILDING SMALL GROUP MEETING TO FOCUS ON PURPOSE AND NEED

First public workshop results to be presented to the public

We would like to invite you to join our project study team for the first small group meeting of the consensus building process. The meeting will focus on topics related to the purpose and need for the project. This topic was identified at the first public workshop as a concern the team should address as part of the study. The meeting will be held on Thursday, March 27, 2003 from 5:30 pm to 7:30 pm at the Bonita Springs Middle School, 10141 West Terry Street, Bonita Springs (see map on reverse side).

Some of the items the team will be discussing, relating to the project purpose and need, include:

- Historical Trends in Southwest Florida (population, employment & development)
- Long Range Transportation Planning
- Previous Traffic Studies
- Emergency Management and Safety

Your local knowledge of Southwest Florida and your experience are valuable tools you can contribute to the study team and will help build a comprehensive knowledge base for the project. Your participation is sincerely encouraged. If you attended the first public workshop and plan to attend this meeting, please remember to bring your project workbook.

We will also present a summary of the first public workshop. The written comments submitted by individuals along with the issues and concerns developed by the teams at the first workshop have been categorized and will be addressed during the project process. The alignment maps created at the first workshop will be displayed for discussion and comparison.

Anyone needing special accommodations under the Americans with Disabilities Act of 1990 should contact Kris Cella at Kcella@cella.cc or phone 239-337-1071. If you have any questions about the meeting or would like information about the project, contact Ms. Cella.
